

Welcome to the Path to Health Program by CMSP. This Member Guide provides important information about your Path to Health benefit coverage and how to obtain covered health care services. Please review this Member Guide to learn about your benefit coverage and how to contact Advanced Medical Management (AMM), the administrator for Path to Health medical benefits, if you have questions. This Member Guide also provides information on how to get prescription medications that are covered under your Path to Health benefits and how to contact MedImpact Healthcare Systems, Inc. (MedImpact), the pharmacy benefit administrator for the Path to Health Program. AMM does not administer Path to Health pharmacy benefits.

Your Path to Health ID Card is enclosed with this Member Guide. You will use this ID card when you seek health care services under the Path to Health Benefit. Below is an example of a Path to Health Benefit Member ID Card:

Your ID card includes the “benefit period” which are the dates your coverage is valid for Path to Health. If you want to re-apply, you can do so within thirty days prior to the end of your benefit period so you don’t have a gap in coverage. You re-apply through a Path to Health participating clinic organization. You’ll receive a new ID card when you complete the re-application process with a new “benefit period” of up to 6 months.

If you are also enrolled in Medi-Cal, please be sure to also keep your State of California Benefits Identification Card (BIC). You received this card separately from the State of California. You will use your BIC for any emergency services. If you need health care coverage for emergency or pregnancy-related services, please contact your county’s social services department to apply for Medi-Cal.

- **You should always carry your Path to Health ID Card and your BIC (if applicable) with you.** It is your responsibility to show your providers your Path to Health ID Card and your BIC (if applicable) at the time you receive services. Your providers will use your ID card(s) to identify you and verify your eligibility in the Path to Health program
- **In an emergency, get care immediately, even if you do not have your ID card(s) with you.** If you are enrolled in Medi-Cal, remember to tell the emergency provider that you are covered by Medi-Cal and show the provider your BIC as soon as possible after you have received care.
- **Your Path to Health ID Card must be used only by you.** Your Path to Health Benefits may be reduced or your eligibility with Path to Health may be discontinued if you let someone else use your Path to Health ID Card. You may also be referred to law enforcement for prosecution.
